## A letter from the President

Over 33 years ago, my wife Linda and I moved from my home in Queensland, Australia, to the United States. We settled in the Greater Philadelphia Area, where Linda was born and raised. Having lived on two continents, we both had a strong passion for adventure, which we wanted to share with others. Seeing a need for more accessible travel, Swain Australia Tours was formed, offering customized travel experiences to my home country Australia. As the demand for international travel grew, so did our destination portfolio.

Throughout the years, our team has explored the globe, uncovering distinctive offerings and destinations to share with our travelers. Swain Australia Tours ultimately evolved into Swain Destinations, offering personalized and unique experiences for over 30 countries.

I could not be any prouder of our team and the tailored travel experiences that we curate. Our focus remains on our in-depth product knowledge, personalized service and deep-rooted relationships. We remain a family-owned and operated company and maintain those core values within every aspect of our brand.

Travel, to me, is the most wonderful gift we have on this planet. Immersing yourself in different communities, exploring unique lands and meeting friendly locals opens our eyes to diverse viewpoints and a deeper understanding of the world. I feel so fortunate that I can fulfill so many people's dreams and provide them with lasting memories, as they explore foreign destinations and cultures in the regions of the world that our team and I are immensely passionate about. Here at Swain Destinations, we share an affection for travel and for serving our customers the best possible experience, no matter where in the world you wish to go.

We look forward to welcoming you into our Travel Community.

Happy Travels!

# Traveling Responsibly

to make a positive impact

*Traveling responsibly can take form in varying degrees of participation or contribution. Every traveler can make a positive impact: from participating in programs that improve the area and the lives of its inhabitants, to choosing lodging and activities that invest in sustainability and conservation. Here are some options to ensure you have the most rewarding travel experience available:*

---

## Stay in a Wildlife Sanctuary Lodge

There are amazing accommodations all over the world, but true Wildlife Sanctuary Lodges are unique in that proceeds go towards local conservation programs. A fantastic example is Singita, whose anti-poaching canine unit would not be as successful as it is today without the direct contributions of its guests. Renowned for its award-winning safari lodges and reserves, Singita is also a conservation and eco-tourism brand looking to preserve Southern and Eastern Africa's wildlife, communities and landscapes.

## Participate in wildlife encounters benefiting the animals and the community

Seeing wildlife in their natural habitat is a thrilling and humbling experience, but it is important to find a partner whose offerings are ethical. For example, swimming with whale sharks in Western Australia does not involve baiting; instead, sharks are spotted via helicopter, which then directs the boat to that location. Gorilla trekking is another great example: by making permits for tracking mountain gorillas more valuable than poaching, the Rwandan government has eradicated gorilla poaching in the country.

## Take part in conservation activities that rehabilitate and protect endangered animals

With Echidna Walkabout, visitors can encounter koalas in the wild while helping to preserve their habitat by clearing weeds that deter koalas from climbing eucalyptus trees, which is their primary source of food. Looking for something slightly more demanding? Care for Wild Rhino Sanctuary in South Africa offers a once-in-a-lifetime opportunity to make an immediate difference on the white and black rhino population. From learning how to treat injured or abandoned rhinos to bottle-feeding orphaned calves who have lost their mothers to poaching, this is an experience that will change you forever.

### *Insider Tip*

Perth is regularly ranked among the top ten most livable cities around the world. It is easy to see why, with its own premium wine region, 19 white-sand beaches and rich tradition pulsing throughout the city. Start your Western Australia adventure with an Arcades and Laneways tour for an introductory immersion into the culture and energy of the destination.

## Perth

Perth is an intriguing destination known for its Mediterranean climate and booming development. Known as the sunniest state capital, Perth has an average of 3,000 hours of sunshine each year. Bask in all of that extra sunlight on one of the 19 beautiful beaches, or in Kings Park, which is larger than New York City's Central Park. Listen to the melodic music from the Swan Bells, one of the world's largest musical instruments, and visit the many museums and art galleries that give the city its character.

## Margaret River

The town of Margaret River boasts its own magnificent scenery while also serving as the ultimate destination for epicurean connoisseurs. Margaret River produces over 15% of Australia's premium wine that can be best paired with the local cheese and chocolate selection. Visitors can also discover the depths of Jewel Cave, an ancient limestone cave, wander between the tall timber forest trees or watch the sun set over the Indian Ocean at Surfer's Point.

## Kimberley

Home to the beehive-shaped rock formations known as the Bungle Bungles, the Kimberley region was unknown to non-Aboriginals until the early 1980s. The history and natural beauty of the Kimberley differentiates the region from the rest of Western Australia, making it a must-see stop on any vacation down under. Experience this region from the sky as you fly from Cape Leveque to the Bungle Bungle Range and El Questro Wilderness Park, all in a day's expedition.

## Broome

Known for its natural beauty, Broome is a destination that draws in travelers with its bright beaches and South Sea pearls. Sunsets from Cable Beach are one-of-a-kind. Here, the phenomenon called the "Staircase to the Moon" comes to life. Cruise to a local pearl farm to learn how these famous gems are cultured and pick up one of the finished products in Chinatown. Surrounded by Aboriginal culture that contrasts with the contemporary laid-back lifestyle, Broome is in a league of its own.

## Ningaloo Reef

Discover what creatures live below the azure waters and explore the coral formations they call home on the Ningaloo Reef. Over 500 species of fish, manta rays and turtles greet the scuba divers and snorkelers who explore this vibrant underwater world. Have a close encounter with a whale shark or track the migration of humpback whales as they journey through the waters. Glass-bottom boat tours are another way to travel along the Ningaloo Reef, a 180-mile paradise below the waves.

# The Pink Lakes

Right in Port Gregory lies Hutt Lagoon, better known as the Pink Lake. This body of water showcases an unusual pink hue that changes throughout the day and seasons: shifting from red to lilac, to a bubblegum pink. Scientists speculate that the vibrant color comes from a dye naturally created by bacteria that live in the salt crusts. The best way to view this uniquely beautiful lake is from a scenic flight during mid-morning or sundown.

Another natural wonder of the pink variety is Lake Hillier, a colorful lake on Middle Island. From above, it appears to be a solid bubblegum pink. This "strawberry milk" lake looks good enough to drink, but it is among the saltiest bodies of water in the world. At 1900 feet long, it is surrounded by a rim of sand and dense woodland of paperbark and eucalyptus trees. Only a narrow strip of sand dunes covered by vegetation separates the lake from the blue Southern Ocean.

### Jackalope Hotel

Appropriately, a large sculpture of the part-hare, part-deer mythical creature greeted my wife Linda and I when we arrived at the Jackalope Hotel. The property, set amid a lush vineyard and green hills, is where such a creature would thrive. The views from the pool and bar are breathtaking. Linda and I lingered there, enjoying bar service and watching the sunset. We headed back to our room where the views were just as remarkable. Be sure to book one of the rooms overlooking the vineyard or consider one their larger “Lair” suites.

There are two outstanding restaurants to choose from; the Doot, Doot, Doot and the Rare Hare. The Doot, Doot, Doot, which means a herd of Jackalopes, offers a five course tasting menu featuring local produce and wines. The Rare Hare provides casual fare in a relaxed atmosphere. We chose Doot, Doot, Doot for our first night and sipped on some cocktails at the elaborately decked out bar.

“ We traveled to the Jackalope in the rolling hills of the Mornington Peninsula in Victoria to see if the hotel lived up to its mythical namesake. We were not disappointed. ”

## Mornington Peninsula

The next morning, we left with our guide from Melbourne Private Tours to enjoy a Foodies Journey through the Mornington Peninsula. Starting at the Green Olive, we met with the chef/owners Greg and Sue. They walked us around the property as we picked the ingredients for our lunch. And then it was back to the kitchen to find a bottle of wine from local labels the Old Apple Shed and Ten Minutes by Tractor.

We rolled out dough and made some fantastic pizzas that were absolutely delicious. After, we hit the road for two more wine tastings and some dramatic views of Port Phillip Bay.

We concluded our stay at the Jackalope with a meal at the Rare Hare the following night. Large communal benches comprise the seating at the Rare Hare which makes conversation easy. We enjoyed our small, casual dishes and chatted with some new acquaintances. In the end, we were sad to bid farewell to our friendly Jackalope before we headed into town.

# *Australian Fall*

## Cool, Colorful, and Unique

Although Australia conjures summer images of sand and surf, there is no more unique time to visit than fall. March, April, May, and June offer many advantages and markedly fewer drawbacks when traveling to the Land Down Under. And, while the temperature does dip, fall ushers in a rendering of the country that few international travelers see. Here are some reasons why you should look to book a trip during Australian fall.

Blue Mountains

## Money and Availability

Busiest in its summer months, travel to Australia drops as soon as March rolls around. From a practical standpoint, this means a respite from the crowds of tourists that can be overwhelming at times. For instance, making the sacred journey to view one of our planet's natural wonders, Uluru (Ayer's Rock), is all the more inspiring without the crowds of the busy season. The same is true of Kangaroo Island, where you can see wildlife in their most natural state, including nesting penguins.

Longitude 131°

Australian fall also affords you a stay at the mindfully appointed Longitude 131° at a fraction of the busy season's cost. It's also much easier to get to taste world-class, locally sourced cuisine at one of Australia's Chef-hat rated restaurants such as Joy in Brisbane and Quay in Sydney.

Fall also represents the best time to explore Tasmania, an eclectic region teeming with fascinating wildlife and beautiful vineyards. Throw on some waders and delight in the freshness of Tassie's oysters that the cold water brings or cuddle up with a warm blanket and a loved one as you taste your way around Australia's most southerly wine region.

## Weather and Environment

While chilly temperatures are common in Australia March through June, that is not the case for the entire country. Comfortable temperatures in places like Queensland and the Northern Territory mean that nothing is off the table in terms of excursions. An Australian fall night spent stargazing in Northern Territory's Red Centre is an awe-inspiring experience. The sky is pitch black and without light pollution. The stars are bright and infinite and seemingly belong to just you and a handful of others. It will change your perception of the night sky.

## Events

From March to June, Australia is brimming with seasonal events that offer engaging experiences to travelers and locals alike. Adventure into Sydney during the annual light festival, Vivid Sydney. The entire city is lit up during this celebration of "Light, Music and Ideas." Art exhibits and three dimensional projections turn many of Sydney's iconic sights into a citywide, light-art gallery.

Meanwhile, in Victoria autumn brings the opportunity to see the top of the Aurora Australis, the indelible natural wonder better known as the Southern Lights. And, in South Australia it's wine harvest season. Seppeltsfield offers visitors an opportunity to taste wine from their birth years and at McLaren Vale you can create your very own wine blend!

Vivid Sydney

While not the most popular time to travel to Australia, March through June may very well be the best time. It's more affordable, less crowded, alive with the splendor of fall and full of events that are uniquely Australian. See it for yourself!

Autumn in Queensland provides experiences that are similarly extraordinary. Whale watching season is in full swing and the waters over the Great Barrier Reef are clearer. Stay at Lizard Island, the secluded and northern most luxury lodge on the Great Barrier Reef. The lodge provides the perfect launch point to explore this natural wonder.

Haka, the Māori war dance, is performed by the country's rugby team, the All Blacks, and the strong connection to the land resonates with Kiwis and Māori alike—all proud of the land they call home. Let us take you on a brief journey to understand some of the traditional Māori culture before your New Zealand adventure.

Nevis Catapult

## Nevis Catapult

Walking across the bridge that spanned the Nevis Canyon, I began to understand why Queenstown is the adventure capital of the world. When I reached the catapult, my adrenaline spiked. After being thoroughly strapped in, I was lifted over the vast canyon. I felt that mix of elation and fear that only comes when you are at the edge of a roller coaster drop. Finally, my fear dissolved into delight as I flew into the canyon. I stayed suspended there, enjoying the extraordinary vantage point.

At the top, Skyline has a restaurant, cafe, gift shop, luge and also bungee and paragliding facilities. Enjoying a flat white, looking out over Lake Wakatipu was the perfect way to end my stay in Otago.

Less than five miles in diameter, Tetiaroa is exclusivity at its finest. Lined with coconut trees and coral reefs, this island also has a unique wildlife population. Captivated by the privacy and beauty of Tetiaroa, Marlon Brando was once the owner of the island and the eco-resort, The Brando.

## Marquesas

# InterContinental Circuit

## ***Tahiti, Moorea & Bora Bora***

### Tahiti

I stepped out of the plane to the sound of live music and an unmistakable feeling of warmth. The Tahitians greeted me with “Maruuru,” a phrase that means hello, thank you and welcome to Tahiti. I accepted a flowered lei as a gift and then rode to the InterContinental Tahiti. Once there, the heartfelt welcome continued in an open-air lobby. The breathtaking views of the neighboring islands and the hospitable staff led me to believe that the property was special. I was not wrong.

The InterContinental stretched out over the edge of the island. Spanning the property was a main hotel corridor, a private section for over-water bungalows and multiple swimming pools. They also had water sport cabins and a snorkeling pond. As versatile as it is beautiful, the resort can accommodate all travelers. Trips to the neighboring town are an event. Its streets serve as an open-air market featuring vendors with local food, handmade clothing and jewelry. But perhaps most memorable about my visit to Tahiti were the sunsets. Every night pastel colors of orange, yellow and red shot through clouds and glazed across the tops of mountains on the islands. Everyone gathered together to watch the sun set into the water and soak in the beauty of the moment.

## Moorea

A 25-minute flight and 45-minute car ride brought me from Tahiti to the island of Moorea. The drive itself was special. The one lane highway tracked along the coast of the island with the South Pacific Ocean ever-present. Upon arrival at the InterContinental Moorea, I noted the layout of the hotel. The property was spacious and spread out, placing the guest's privacy at a premium.

Dinners serve as a communal event at the resort. Every night I watched a team of fire dancers put on a show as I dined on fresh, local seafood. The unquestioned highlight of the InterContinental Moorea, though, is the rehabilitation center for dolphins and sea turtles located at the edge of the resort. The resort invited me to swim with dolphins that they cared for and also allowed me the opportunity to learn more about the rehabilitation process.

Also offered is a variety of land activities. Guided ATV tours teach riders about the history of the island. Visits to pineapple plantations are also popular. This, coupled with Moorea's land activities, ensure that memorable experiences came in bunches on the island.

InterContinental Bora Bora Le Moana

## Bora Bora Le Moana

The only way to reach the InterContinental Bora Bora Le Moana from the small airport is via sea boat. This only added to the mystique of the hotel. The moment I arrived on the dock there was a palpable electricity in the air. Surrounded by crystal clear water, eager guests and more friendly faces, the Maruuru phrase rang clear throughout and my arrival felt like an event unto itself. They provided us with cold towels as a respite from the heat coupled with an indigenous mocktail. A friendly staff member gave a thorough walk through of my room and explained the resort's layout and facilities.

The next morning, I ordered breakfast and a staff member rowed it out to my private patio in a canoe. I ate breakfast in my bathrobe while watching stingrays swim in clear waters and considered the rest of my day. Snorkeling or canoeing? A dinner set to live music while the sun set in the background? That was what every day was like here.

InterContinental Bora Bora Thalasso

## Bora Bora Thalasso

A 20-minute boat ride is all that separates Le Moana from InterContinental Bora Bora Thalasso. It is definitely worth the trip. Set in the shape of a horseshoe, the over-water bungalows at Thalasso are different shapes and sizes. The layout allowed me ample privacy, quiet and never-ending views of open water. Certainly, views like these are why this island means "The Pearl of the Pacific."

The bungalow itself was spacious and modern. I removed the glass top of my dining room table to get a better look at the fish swimming beneath the bungalow. For years a family of sting rays has made the journey to the shore of the property every afternoon at 2:00pm. As a result, guests always gathered to watch the creatures. Then, I joined an expert stingray master who taught guests about the feeding process. Moments like that made it easy to get lost in the beauty, colors and spirit of the InterContinental Bora Bora Thalasso.

One of our consultants, Kat, went skydiving in Wanaka, New Zealand. This was captured just before taking the leap of a lifetime!

This girl hopped up in the middle of dinner to join us, as if she owned the place. She then proceeded to leave with our hearts.

# Swain Destinations Terms and Conditions

The following Terms and Conditions represent the agreement you enter with Swain Destinations when submitting payment for any services provided by Swain Australia Tours (2003) Inc. doing business as Swain Destinations (collectively "Swain"). Please read these terms and conditions carefully prior to submitting payment.

## A. Limited Principal and Agent Relationship

These Terms and Conditions establish a relationship of principal and agent between you, as principal, and Swain, as agent. As your agent, Swain acts pursuant to your authority and may bind you only to the extent of such authority. Swain may dispose of funds received from you only with your express authorization. By these Terms and Conditions, you grant Swain such express authorization for the purpose of booking travel. Swain is also an agent of transportation carriers and other third-party suppliers of services ("suppliers"). All suppliers are independent contractors. When coordinating travel services, Swain receives funds from you and transmits those funds to suppliers. In exchange, suppliers provide you with travel services, which are coordinated by Swain. Swain is a broker between suppliers and customers. Swain receives only a portion of the funds collected from you as a commission, which compensates Swain for services it has rendered to you.

## B. Payment Schedule

For airfare arrangements, the full fare must be paid at time of booking. All airfare payments are in addition to the booking deposits for land arrangements.

All travelers must pay a \$500 non-refundable land deposit, per person, at the time of reservation and, if applicable, the non-refundable insurance premium. Certain special or customized itineraries may require an additional deposit. Final payment is due 60 days prior to departure. For Africa Travel, a 25% land deposit of the total booking cost is due at time of reservation and, if applicable, the non-refundable insurance premium. Final payment is due 100 days prior to departure. Certain special or customized itineraries may require an additional deposit. For late bookings within 30 days of departure, full payment is due immediately. An additional fee of \$50 per person will be charged for rush handling. Festive seasons vary by destination and calendar year. Travel during festive seasons may require an earlier deposit date or increased deposit. This will be advised at time of quote.

## C. Cancellations, Revisions and Changes

All deposits are non-refundable. All booking cancellations, revisions, and changes are subject to terms and limitations.

Independent Travelers. If you cancel 60 or more days prior to departure, only the deposit is forfeited. If you cancel 59 to 7 days prior to departure, you forfeit 30% of the total cost. If you cancel 6 days or less prior to departure, you forfeit 100% of the total cost. For Africa Travel: If you cancel 100 or more days prior to departure, only the deposit is forfeited. If you cancel 99 days or less prior to departure, you forfeit 100% of the total cost.

Escorted Tours. If you cancel 60 or more days prior to departure, only the deposit is forfeited. If you cancel 59 to 15 days prior to departure, you forfeit 30% of the total cost. If you cancel 14 to five days prior to departure, you forfeit 35% of the total cost. If you cancel four to one days prior to departure, you forfeit 60% of the total cost. If you cancel on or after the date of departure, you forfeit 100% of the total cost. For air-only itineraries, all cancellations are subject to a \$100 Swain processing fee, and are further subject to the terms and conditions of the airline(s).

Swain will make no refund for elements of a travel package not used by the customer. In all cases, all travelers are solely responsible for charges assessed by land suppliers, cruise companies, and airlines. A handling fee of \$50 per person plus any fees charged by the supplier will be charged for any alterations or revisions to a reservation. Spelling corrections to clients' names after tickets have been issued are subject to airline revision fees. A change of trip date will be treated as a cancellation and new booking and regular cancellation fees will apply.

Swain reserves the right to cancel an escorted tour prior to departure, and in such cases, all payments made to-date will be refunded and shall constitute full settlement.

## D. Additional Price and Service Terms

Prices are quoted per person, double occupancy, and do not include U.S. or foreign government fees and taxes, or airline or airport surcharges. Price does not include airfare unless otherwise stated. Swain reserves the right to cancel a trip, change the itinerary or adjust rates whenever in its sole judgment conditions warrant, or if Swain deems it necessary for your comfort, convenience or safety. Every effort will be made to operate itineraries as planned, but alterations may occur after an itinerary has been finalized. Swain reserves the right to adjust prices due to fluctuations in foreign exchange rates. Swain reserves the right to substitute hotels of similar quality at any time or to make changes in itinerary of similar quality. Please understand that not all museums and attractions are open every day of the year. Swain reserves the right to vary the sequence of

sightseeing and/or to re-route the order of cities if that will enable you to visit all listed excursions. Swain reserves the right to decline or accept any person as a member of an escorted tour, or to require any participant to withdraw from an escorted tour at any time who presents a significant risk to the health or safety of himself or others, or whose behavior is, in the sole judgment of Swain, unreasonable or inappropriate.

## E. Credit Card Payments

Credit card payments are accepted through the Swain website. You state that you are an authorized user of the credit card and that the associated information entered (account holder name, account number, billing address, etc.) is accurate. You authorize Swain to charge the amount you have requested to your credit card. You also authorize Swain to return to your credit card any funds due to you.

Credit card transactions are administered by a third-party service provider. You accept and consent to your personal data being provided to the third-party service provider for sole purpose of offering and administering the credit card transaction. If a charge is declined or reversed by the credit card issuer or network, you agree to pay Swain a service charge and to reimburse Swain for all reasonable costs of collection and all costs incurred as a result of the charge being declined or reversed. You further agree that Swain may refuse to book travel on your behalf and may terminate any or all services to you.

## F. Authority to Contract

You represent and warrant that (i) you are at least 18 years of age; (ii) you possess the legal authority to create a binding legal obligation; (iii) you will use the services provided by Swain in accordance with these terms and conditions; (iv) you will only use Swain to make legitimate reservations for you or for another person for whom you are legally authorized to act; and (v) you will inform such other persons about these Terms and Conditions that apply to the reservations you have made on their behalf.

## G. Consent to Be Contacted

You expressly consent and give your permission to be contacted by Swain, its agents, employees, and assigns, including by telephone call, text message, email, fax, U.S. mail, and private parcel carrier, at any phone number, fax number, email address, or physical address provided to Swain. This express consent and permission extends to calls placed to cellular telephones using an automatic telephone dialing system and/or prerecorded message.

## H. International Travel, Visas and Passports

You acknowledge that you are solely responsible for ensuring that you meet foreign entry requirements and that your travel documents, such as passports and visas, are in order. A valid passport is required for U.S. citizens traveling outside of the U.S. Passports must be valid for six (6) months after the return of your journey as well as have sufficient blank passport pages for entry and exit stamps. Travelers are advised to consult with their appropriate government authority to determine any necessary documents, allowances and requirements for travel to their intended destination. Many destinations require a visa for U.S. citizens. You may be refused boarding or country entry without liability for refund, payment, compensation, or credit of any kind if you do not have proper documentation. You acknowledge that you are solely responsible for obtaining vaccinations and other appropriate medical care prior to departure. Swain is not a medical authority. Medical advice should be obtained from your travel doctor.

## I. Liability Disclaimer & Unconditional Release

You acknowledge that travel carries with it certain risks, including risks which may not be foreseeable, and that you are responsible for your own health and safety. Swain makes no representation or warranty regarding your health or safety during or as a result of your trip. Swain is not responsible for your health and safety.

You agree to hold harmless and release Swain from any direct, indirect, punitive, incidental, special or consequential damages arising out of any acts, errors, omissions, representations, warranties, breaches or negligence by Swain, its officers, directors, agents, or employees. By arranging travel to particular countries and regions, Swain does not represent or warrant that travel to such areas is advisable or safe, and is not liable for damages or losses that may result from travel to such destinations. Risks such as political instability, crime, terrorism, war, disease, and natural disasters are not confined to particular countries or regions, and may impact travelers anywhere in the world. As such, travelers are advised to seek reliable and timely health and safety information prior to traveling, including from the U.S. State Department's travel website (<http://travel.state.gov/>), and the Centers for Disease Control travel website ([www.cdc.gov/travel/](http://www.cdc.gov/travel/)).

By arranging for particular activities, Swain does not represent or warrant that such activities are advisable or safe, and is not liable for damages or losses that may result from such activities. There are many inherent risks in adventure travel of the type involved here, which can lead to illness, injury, or even death. These risks are increased by the fact that these trips take place in remote locations, far from medical facilities. Guest assumes all such risks associated with participating in these trips.

Photographs seen in Swain brochures or on Swain's website may not necessarily depict the same experience that travelers will have due to the very nature of travel. Pictures and descriptions of locations, facilities, and activities do not constitute an implied or express warranty.

The airlines, hotels and other suppliers providing travel, lodging, or other services are not agents or employees of Swain. Swain in no way owns or operates the vehicles or facilities to be used during the trip. Swain is not liable for the acts, errors, omissions, representations, warranties, breaches or negligence of any such suppliers or for any personal injuries, death, property damage, or other damages or expenses resulting therefrom. This liability falls on the supplier. Swain has no liability in the event of any delay, cancellation, overbooking, strike, terrorism, force majeure or other causes beyond their direct control, and they have no responsibility for any additional expenses, omissions, delays, re-routing or acts of any government or authority.

If, despite the disclaimers and release above, Swain is found liable for any loss or damage which arises out of or in any way connected with travel arranged by Swain, then the liability of Swain will in no event exceed, in the aggregate, the greater of (a) the fees you paid to Swain, or (b) One-Hundred Dollars (\$100.00). The disclaimers, release, and limitation of liability reflect the purposeful allocation of risk between the parties.

J. Copyright & Trademark Notices

Unless otherwise indicated by us, the Swain website and all content and other materials therein, including, without limitation, all logos, designs, text, graphics, pictures, information, data, software, and sound files are the proprietary property of Swain, or its licensors, and are protected by U.S. and international copyright and trademark laws.

K. Disputes with Swain

In the event that a dispute arises between you and Swain in connection with or related to travel services provided to you by Swain, you consent to the jurisdiction of and venue in the Court of Common Pleas of Montgomery County, Pennsylvania, United States. These Terms and Conditions shall be governed by the laws of the Commonwealth of Pennsylvania, United States of America without regard to conflict of any law's provisions that would result in the application of the laws of any other jurisdiction.

L. Supplier Rules and Restrictions

Many suppliers are likely to impose their own terms and conditions, which are separate and apart from these Swain Terms and Conditions. Please read these additional terms and conditions carefully. In particular, if you have purchased an airfare, please ensure you read the full terms and conditions of carriage issued by the airline, which can be found on the airline's website.

Some hotel suppliers may require you to present a credit card or cash deposit upon check-in to cover additional expenses incurred during your stay. Such deposit is unrelated to any payment received by us for your hotel booking.

You acknowledge that some third-party providers offering certain services and/or activities may require you to sign their liability waiver prior to participating in the service and/or activity they offer. You understand that any violation of any such supplier's rules and restrictions may result in cancellation of your reservation(s), in your being denied access to the applicable services, in your forfeiting any monies paid for such reservation(s), and/or in our debiting your account for any costs we incur as a result of such violation.

M. Cancellation Charges

All cancellation fees are per person. Charges assessed by land suppliers, cruise companies, airlines and third parties are additional to fees. All deposits and money paid is non-refundable.
